

Preliminary specification Compact Tool Carrier Vehicle

HIGHLIGHTS

- Zero Emission
- High performance full-electric 4x2 powertrain
- HPU for tooling 50lpm max. 200bar
- Water-cooled PM wheel motors on front wheels
- Steered rear trailing axle
- Battery capacity 20/40/60 kWh
- Ergonomically designed Cabin

ELECTRIC DRIVE MOTOR

Type	Permanent magnet
Max power	2x23kW peak, 2x14kW continuous
Cooling	Water-cooled

EDRIVE POWERTRAIN

Tires	Front 280/70R16 Rear 195/50R13
Speed	Forward 1-25km/h transport speed 1-10 km/h working speed Reverse 1-5 km/h

TRACTION BATTERY

Capacity	20/40(standard)/ 50kWh
Voltage	96-100 VDC
Type	Li-ion (LFP)

CABIN

- Ergonomically designed with highest safety standards
- Air-conditioning (Climate Control)
- Ergonomic controls and display information

WEIGHT AND DIMENSIONS

Weight	1900kg (based standard 40 kW battery)
width	1300mm
Height	2155mm
Wheel base	1554mm
